Re: C00608265

Dear Ms. Davis,

In response to your RFAI dated 6/8/2016, the following changes have been applied:

Employer/occupation information. Approximately 18 accounts were affected in both 2016 reports. These have all been corrected with more detailed information. The data originally provided was what the donor provided when the contribution was received. Contact was made to each to resolve your inquiry.

Starting balance was other than zero due to a typographical error in entering a transaction. The year in the date was entered as 0216 instead of 2016. This has also been corrected and the report amended.

As to how the campaign solicits contributions, we use the following process:

Remit envelopes clearly ask for name, address and occupation/employer as does the online contribution page (cannot submit without it) and all other printed solicitations for contributions.

Missing information for address and names is researched and updated through a statewide voter database in California and out-of-state contributions are contacted directly via phone if available or by US Mail.

Sometimes however, donors do not always provide as detailed information as is required by the FEC. As you can see above though, the campaign does make every effort to correct this before filing reports.

Both reports for 2016 have been amended and re-filed as of today, June 9, 2016.

Respectfully,

Thomas Montgomery
Treasurer, Joe Montes for Congress
